Dear Students and Parents,

You are invited to an important online event.

The Nelson Mandela Youth Leadership summit promises to be very exciting and engaging event for young and experienced individuals alike.

Nelson Mandela Youth Leadership Summit brings together a diverse youth population of refugees' youth, migrant youth, indigenous youth, and other Australian born youths with an aim to create a group of connected future leaders.

The Summit is a unique regional based model that allows youths, work of grassroots organisations, diplomats, government representatives, policy makers, and professional associations to take part in forums that would result in actionable goal setting.

It is an opportunity to share knowledge, and networking that focuses on building stronger Australia - regional engagements with the rest of the world while celebrating Nelson Mandela legacy.
